## **OVERVIEW**

All dart events played under the supervision of the **Park Slope Dark League (PSDL)** will be played generally in accordance with the American Dart Organization (ADO) rules. In any differences between the following PSDL rules and the ADO rules, the PSDL rules shall take precedence. The PSDL reserves the right to amend or add to these rules.

The Park Slope Dark League assumes no responsibility for accident or injury during events.

### **Sportsmanship**

Good sportsmanship is the required attitude before, during, and after all PSDL events. Heckling or other harassment is strictly forbidden. This includes any attempts to distract by loud noises and verbal outbursts, or movements such as hand/arm motions, pacing or excessive movements close to or in the periphery of the throwing line and sidelines when the opposing team is shooting. It is the responsibility of both team captains to maintain order during league match play. (This applies to anyone present, even if they are not team members.) Repeated use of foul or insulting language, or threats or actual physical contact or violence shall be considered just cause for disciplinary action, which can include being penalized match points or other such penalties - up to and including being dropped from the league. The PSDL does **not** pre-empt any of a host establishment's options for dealing with unruly patrons, including members of either team. So, behave accordingly please. If a member of a PSDL team behaves in a manner that is not permissible in an establishment, they should be warned once. If they fail to modify their behavior, the bar personnel **should** ask them to leave. Being a member of the league **does not** give any right to remain in a bar after having been asked to leave.

Any team experiencing, or simply witnessing, poor sportsmanship should notify the LEAGUE COMMISSIONERS in writing, email or text. Please do not bring up issues in a group text with other team captains. All reported incidents will be taken seriously and investigated. Offending parties - players, teams, or even bars - will be warned or, if warranted, expelled from the PSDL.

### **Rules Disputes/Protests**

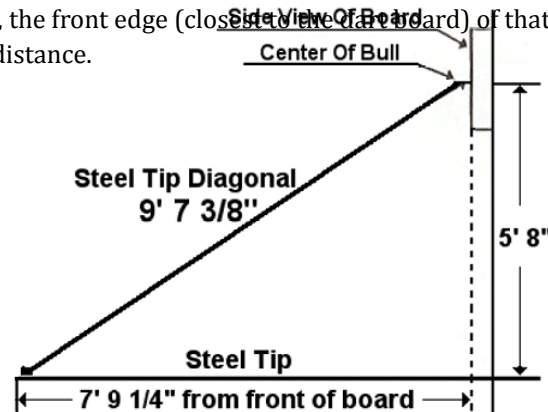

If a dispute in the interpretation of the PSDL rules occurs during an event at which the League Management is not present:

- a) Contact the League Management by text: Johnny Colonna 646-904-3502 or Mike: 917-613-7389 or email [ParkSlopeDL2022@gmail.com](mailto:ParkSlopeDL2022@gmail.com)
- b) If you are unable to contact League Management by text/email, the event should continue, **but** the fact that it is being played under protest must be recorded by either captain on the score sheet. A brief written description of the dispute must be emailed/texted to the league along with a photo of the score sheet. The league will contact both captains and, after discussion, make a ruling.

### **Section A - Playing Court**

1. The home team captain is responsible for the host establishment's playing court. All attempts should be made to follow the ADO regulations, however all teams should understand that they are sponsored by these pubs and modify their expectations accordingly. For example, a 2' clearance on either side of the oche may not always be available.

2. The dart board shall be a standard 18" bristle board with the standard 1 - 20 clock pattern. (See ADO rules for specifics.)
3. The host establishment shall supply a good quality board for league play. To ensure board quality throughout the season, it is suggested that this board be used for league play only. If there are more than one board in an establishment, it is the home team's right to choose the board to be used.
4. Both the home and away team must approve the board prior to beginning the match. If the board is not acceptable, a new board shall be supplied. (Hint: have at least 1 new board stored in the bar.)
5. The scoring wedge for 20 shall be at the top (12 o'clock) position and shall be the darker of the two wedge colors.
6. The center of the bull's eye shall be at 5' 8" (68") from the floor (assuming a flat, non-sloping floor). If there is a slope to the floor, take this into account. By using the correct length to the throw line (oche) and the diagonal measurement, the sloped floor can be compensated correctly. The diagonal from the center of the double bull to the oche is 9' 7 3/8" (115.375")
7. The oche shall be 7' 9 1/4" (93.25") from the **face** of the dart board (**not** from the wall under the board) and should be at least 2' wide. Darts shall be thrown with both feet behind the oche. If the oche is a line on either the floor or a mat, the front edge (closest to the board) of that line should be considered to be at the proper throwing distance.

8. There should be at least 3' of clearance behind the line. This area should not be encroached upon by players waiting to throw.
9. The board must be brightly illuminated with a minimum of shadows. The lights should be located so that they do not interfere with the normal flight of the darts.
10. The dart board and scoreboard should be located in an area where the players will not be subject to distractions while throwing. The scoreboard should be located where it can be easily read by both players and spectators. While it may not be possible to follow the ADO guidelines, a "best effort" must be made.
11. Electronic scoring may be used in League matches. If requested, the home team shall provide a spotter next to the board to verify points scored or remaining during a turn. Otherwise, normal "written" scoring on a chalkboard or whiteboard must still occur. Electronic aids, such as calculators, may be used to assist in written scoring.

12. Playing courts are subject to inspection and acceptability for league play is at the discretion of the League Management. Non-acceptability of a playing court is a valid reason to play a match under protest; such a protest **must** be made by the visiting team captain **prior** to the match commencing. It should be remembered, however, that PSDL matches are played in **bars**, and the playing areas may be less than perfect. **Play the match.**

### **Section B - Throws**

1. All darts are to be thrown by, and from, the hand.
2. A "throw" (or turn) shall consist of 3 darts unless the game is completed with fewer.
3. Any dart bouncing off, or falling out of the board, shall not be re-thrown. Darts accidentally dropped at the oche (i.e., not intentionally thrown) may be picked up and thrown.
4. No dart in the board shall be touched until all 3 are thrown. If a player touches a dart in the board during his throw, the throw is then deemed complete and only darts thrown up until that point shall be scored.
5. Darts must be thrown with both feet behind the oche. Any darts thrown with a foot (or feet) over the oche shall count as part of the player's turn, but they do not score [this rule shall be invoked after one warning to the player that he or she is throwing from over the line].
6. For a dart to score (a) its point must be embedded in or touching the scoring area and (b) it must remain in the board until retrieved by the thrower (except in a case where the thrower requires assistance due to physical injury or disability).
7. Non throwing players, with the exception of scorekeeper, should not stand in front of oche on sidelines.

### **Section C – Team Profile**

#### **Registrations**

1. All players must be at least 21 years of age.
2. A team shall consist of a **minimum of 4 players**. A **maximum of 10 players** is **suggested** on a roster at any given time. It is strongly advised to carry at least 5 -6 players in order to have enough players qualified to play in playoffs at the end of the season as make up matches will not be possible in playoffs unless in the case of unusual, dire circumstances (Weather event, pandemic, host business shutdown, etc).
3. Rosters submitted during the team registration period prior to a new season must have the minimum four players. Rosters may be modified by emailing or texting the League a day prior to a match. Rosters shall then be frozen until after the match is played, at which point rosters can be changed.
4. Submitted rosters must include telephone and email contact information for the team captain and co-captain (such contact information for the remaining team members is also requested). Submitted rosters without the required contact information will not be accepted.

### **Adding/Dropping Players**

5. Any player who has played in a match for one team and is subsequently dropped from that team cannot be added to another team playing on the same night or division during the same season. Dropped players who have not played in a match can be added by another team.
6. No new player roster additions will be accepted after Week 8. However, if a player had been dropped from a team, and that player had already qualified to participate in the playoffs (i.e., had participated in at least 3 matches) they can be re-signed up until Week 9.
7. New or re-signed players must be registered (e-mailed) with the league prior to the start of a match .
8. A home team bartender is eligible to play in home games without being on the roster especially to avoid forfeited games and will be designated "Bartender" as the name on the sheet.. Should a team want a bartender to be eligible for playoffs or want to track their wins and all star points, , the bartender should be registered on the team's roster and play a minimum of one half of all home matches.

### **For Playoff Eligibility**

**See Playoff Section**

### **Ineligible Players and Penalties**

9. No team shall utilize a player not on their roster and use of such an illegal player will result in penalties. At a minimum all games played by the illegal player will be recorded as forfeit losses to the opposing team. The offending team may be subject to further penalties - up to and including forfeiting the entire match and possible disqualification for the remainder of the season, in the event of multiple infractions.

### ***THE PSDL WILL NOT TOLERATE USE OF ILLEGAL PLAYERS.***

10. As league matches are played in bars, all players should be able to show proof of identity if they are questioned by the opposing team. If there is a question regarding identity, and the player involved has no proof with him or her, they must print and sign their name on the back of the score sheet (or a separate sheet) that is to be emailed in to the league to determine whether the player in question is a legal player.

### **Unsportsmanlike conduct**

11. The PSDL reserves the right to ban any player from PSDL sanctioned events for unsportsmanlike conduct, falsifying match report information, playing illegally on a second PSDL team on the same night in the same season, abandoning a match prior to its completion or other reasons of a similar nature.

### **Section D - Season and Match Format:**

#### **Season**

**Division 1:** 8 teams. 14 week season. Each opponent played 2x

**Divisions 2, 3 and 4:** 6 teams each division. 15 week season. Each opponent is played 3x

#### **Match Format:**

#### **Divisions 1 & 2:**

- **4 Singles 501 (Single On/Double Off with 2 legs, loser starts second leg)** = 1pt each leg
- **4 Singles Cricket** = 1pt each game

- **2 Doubles 501 (Double On/Double Off)** = 2pts each game
- **2 Doubles Cricket** = 2pts each game

**Total Games 12/Total Match Points 20**

#### **Divisions 3 & 4**

- **4 Singles 501 (Single On/Double Off)** = 1pt each game
- **4 Singles Cricket** = 1pt each game
- **2 Doubles 501 (Double On/Double Off)** = 2pts each game
- **2 Doubles Cricket** = 2pts each
- **1 Triples 701 (Double On/Double Off) Winner of Shoot for Cork Starts**= 3pts

**Total Games 13/Total Match Points 19**

#### **Section E – Match Timing & Scheduling**

- 1. Start time is 7:30 PM!**
- 2. The match board shall be cleared for warm-ups at least 30 minutes prior to match time for player practice.**
  - a) After the initial practice session, each player is limited to 3 practice rounds (9 darts) before their game.
  - b) Once play has commenced, the play should continue without delays. A player is permitted 3 minutes to repair damaged equipment. Otherwise all three darts in a round should be thrown without undue delay to be considerate of your opponent(s). **Do not interrupt a game to buy a drink in the middle of a game or set; have another team member get it. Likewise, smoke breaks should be taken only before or after a player's game is played.**
- 3. Postponements**
  - a) A match may be postponed and rescheduled by mutual consent of both captains prior to the match. If a captain requests such a postponement by 10 AM the day of the match, it should be granted by the captain of the opposing team. A team is not required, but may elect, to grant a postponement after 10 AM the day of the match. It is advisable to copy the league on any correspondence between captains about postponements.
  - b) Both teams involved **must** notify League Management separately (by email or text) at the time of the postponement request so the league will know who made the request and if the advance notification aspect of this rule has been complied with.
  - c) Both teams **must** notify the league, no more than 7 days after the postponed match's original date, about the time and place of the make-up match. It is strongly recommended to make up matches within **two weeks** if possible.
  - d) A team may request postponements only twice during a season. Postponements granted at another team's request do not count towards this limitation, nor do matches played within 3 days of their originally scheduled date (matches postponed for 4 or more days do count

towards the limit).

- e) A third postponement request in a season will not be honored. Matches played in advance of the scheduled date do not count as a postponement.
- f) If an away team requests a postponement and the make up match has not been played before the two teams meet again, the postponing team must go to their opponents bar for the match and the make up match after that date will become their home match.
- g) Matches may be postponed up to the second to last week.
- h) Last week of the season matches may not be postponed. (Special cases will be addressed by League Management; it may be possible to play a match prior to its scheduled date.)
- i) The make-up date should be mutually agreed by both teams. The team that granted the postponement to the requesting team has final approval of the make-up date. If there is a problem with scheduling the make-up match, the League Management will assist in obtaining a mutually agreeable date. It is the responsibility of the team that requested the postponement to ensure that the match is played. If the teams cannot agree on a make-up date, the League reserves the right to award a forfeit win to either team based upon its judgment as to which team is at fault.
- j) If a postponed match is not made up before the end of the season and League Management has not yet awarded a forfeit, the League can split the team points involved,  $\frac{1}{2}$  for each team, provided that those points would have no effect on the playoff standings. If the points would affect the playoffs, both teams failing to make up the match will receive zero points for that match.

#### **4. Match Times & Forfeits.**

1. Match Start time is **7:30 PM** with a **15-minute grace period (7:45)**.
2. If a team fails to have 3 players by **7:45**, opposing captain will be allowed to take the forfeit for the first round. (501 singles)
3. If a team fails to have 3 players by 8:00 the opposing captain will be allowed to take forfeit for the entire match.
4. Teams will be allowed to play with 3 players for the night. However, they must forfeit 1 game of 501 singles, and 1 game of cricket singles. The captain that is forfeiting the points may choose which of the 4 games within each round they are going to forfeit while still in "the blind". Please leave the line blank if you are forfeiting that game. The team with 3 players must also play "2 versus 1" in 1 game of 501 doubles, and 1 game of cricket doubles. The 701 is unaffected by having only 3 players.
5. So as not to delay the match, it is acceptable to play out of order (e.g., if a player scheduled to play second has not arrived, but the player scheduled to play third is present, the third match should be played before the second). As each match ends, another should follow immediately.

## 5. Recording a forfeit

In order to properly record a full match forfeit and players' all star points, the team present must email a score sheet to the League along with a sign-up sheet with the signatures of all players present attesting to their attendance. If a team is playing away, the bar should still supply a score sheet. If a score sheet is not available, note this in the email to the League and use a blank sheet of paper instead. Remember to include the following info:

- o Date
- o Home Team Name and Pub
- o Away Team Name and Pub
- o Team(s) present and players present (all players must sign the sheet)

## 6. Forfeit Penalties

- a) If a team forfeits two full matches during the season, the team must meet with League Commissioners to determine league eligibility for the following season. Forfeits that happen during last weeks of season by teams unlikely to make playoffs will be considered more more serious by Commissioners in determining next season league eligibility.

## **Section F – Scoring**

### **1. 4 All Star Points**

Captains are responsible for correct scoring on the score sheets; incorrect or missing all stars will be invalidated and could be cause for disciplinary action.

501: 95+

Cricket: R5+ and C3+

In 501 games, if a player busts his score, the score for that turn does not count towards the game and it does not count towards all star points. For example, with 80 remaining a player hits a double 20 and a triple 20 – no all star points are scored because the total of 100 points

In Cricket games, marks - either rounds or corks, only count if they are included in the scoring. For example, with an opponent already closed on 16's and the player having two 16's, he then throws a triple 16 and a triple 15 - no all star points are scored because only one of the 16's counts.

### **2. All Star Points Score Sheet Notations shall be made using the following conventions:**

**501/701:** Mark on the scoresheet when a player throws the following:

95+ (501). If a 90+ score occurs to get ON during 501 Doubles, then mark it with an S (start)...S-100.

If the 90+ score occurs to get OFF during 501 Singles or Doubles, then mark it with an F (finish)...F-118. Please circle on the scoresheet any high ON/OFF all-stars or any scores 171+between the scores.

**Cricket:**

Round 5+ (Cricket) or Corks 3+ (Cricket).

Points will be scored as follows:

Round 5 = 100, Round 6 = 120, Round 7 = 140, Round 8 = 160, Round 9 = 180.

3 Cork = 100, 4 Cork = 125, 5 Cork = 150, 6 Cork = 180.

### **3. All Stars Awarded During Forfeits**

In case of a forfeit, the winning team shall send the signed score sheet used to record forfeit to indicate players that were expected at the match and games they were to play to the league commissioner(s) the night of the forfeit. See "Recording a Forfeit" above. Please be honest about expected attendance and the players expected games if forfeit is recorded early before match time. Players on that score sheet shall be awarded All Star Points for the forfeited night at the end of the season based on the average of their total all star points per week (PPW in stats)

### **Line-ups**

Line-ups are to be filled out in the blind. After filling out your side of the sheet fold it in half and hand it to the away team captain. Use an envelope to cover your side of the sheet. Teams that are caught looking at the other teams' line up before filling out their own will forfeit those games. (Not the match) The home team captain fills it out first. The away team starts the match and play alternates from that point on. Players do not have to be present to have their names inserted into the line-up.

For doubles/triples events, the players must play in the same order they are listed on the line-up for either the two games or the three games involved. (The players cannot switch the order of play.)

Each team's captain is responsible for informing his players of the playing order.

### **4. Starting Order**

The visiting team starts the first game of the match. Starting team alternates until 701 game. Each team has their first player shoot for cork to determine the starter of 701 game. Home team will decide which team shoots for cork first.

If the match is being played out of sequence, or if not being played due to an individual forfeit, the away / home designation is based upon the slot on the line- up sheet, not on the last group played.

**5. The home team is responsible for supplying the scorekeeper (chalker). The scorekeeper must be a member of any PSDL team or a league official. Please refer to the Scorekeepers Ten Commandments included in Packet for scorekeeping rules.**

### **6. Removing Darts**

To ensure correct scoring and prevent arguments, a player's score must be marked or called out prior to his darts being removed from the board. Only the player may remove his or her darts. The opposing player(s) or captain may request that the darts not be removed until the scoring is checked and approved.

### **7. Changes To Correct Mistakes**

For 501 any changes to correct mistakes in scoring or chalking must be made before the next turn of the player or the player's partner in doubles. This includes mistakes due to either the score marked or mathematical errors in either addition or subtraction. Once the same team has thrown again, no corrections are allowed. In cricket, corrections are not permitted once the opponent has thrown a dart.

### **8. Throwing Out Of Turn**

If a player throws out of turn, the opposing team has the option of either requiring the correct player to throw

or allowing the score made to stand. If the score is allowed to stand, the same player must throw the next turn to get the play back in correct order, in which case his or her partner has effectively lost a turn.

## **9. Coaching**

Coaching is allowed. A player can ask the scorekeeper what was hit or what score is remaining at any time but the scorekeeper cannot coach or provide double out information.. However, other members of the team or the player's partner can advise the player about strategy. If a scorekeeper incorrectly reports the score remaining in a 501 game when the player is shooting for an out and the shooter hits the out, the result is a win. In all other circumstances, it is the shooter's responsibility to verify their score.

The opposing team shall not call out numbers or strategies while their opponent is on the line. This includes loudly talking about possible outs for their own team, as overhearing these numbers may confuse the player on the line.

## **10. Responsibility For Recording**

The home team is responsible for recording the game scores and all star points on the score sheet. The visiting team must check the accuracy of the score sheet information, including the all stars. Once both captains (or their designees) have signed the form, the PSDL considers the information to be correct and final. Falsification of any of the data will be cause for league sanctions. Use the correct notation - R6 does not count in 501 games and 120 does not count in cricket games; incorrect notation will not be counted.

## **11. Protest**

If the match is being protested, indicate it in writing on the score sheet. Then write a brief description of the problem and email/text it along with the score sheet. Both captains should give their versions of the issue. The score sheet must still be completed, photographed and texted/emailed.

## **12. Score Sheets**

The score sheets have been distributed to each team. Both home and away team captains are responsible for taking a picture of the completed scoresheet and submitting it to League Management via text or email. Captains should take care to ensure that the entire score sheet is clearly visible, in clear focus, and well lit. The League recommends pinning the score sheet to the dartboard to be photographed. Both captains must submit a picture of the score sheet. Repeated missing score sheets may result in point deduction.

Fill out the score sheets fully and correctly, making sure the following information is proved:

Date  
Home Team Name  
Home Team Pub  
Visiting Team Name  
Visiting Team Pub

**Print the players' full names to ensure proper recording of results & all-stars.**

**Write neatly.** (If the score sheet cannot be read, scores and all star points cannot be properly credited and recorded,) Email the copies immediately and in all cases within 24 hours of the match. Late score sheets are a problem. Consistent late score sheets from a team may bring disciplinary action.

## **13. Full Forfeit Match Scores**

Forfeiting team receives no points. The score of a forfeited match is 11-0.

## **Section G - Standings**

### **1. The Fall 2025 League has moved to a 4 division format with a promotion/relegation system**

New Teams with no prior history in any local league automatically assigned to Division 4

Other criteria determining division placement:

- A. Win/Loss Record of Last 2 league Seasons
- B. Playoff Performance of Last 2 League Seasons
- C. All-Stars Stats of team players from 2 seasons to help predict player strength.

Playoff standings will be based on division play. Each team in Divisions 1 will play division opponents 2x. Each team in Divisions 2, 3 & 4 will play division opponents 3x. If there becomes an odd number of teams, the division with the extra team will have a bye week. There will be a promotion/relegation system to determine divisions in successive seasons. Winner of the Division Playoffs will get promoted. Relegations for the next season will be determined by a team's playoff results and/or end of season standings and the league structure/division sizes of the following season.

### **2. The season standings will be determined by highest point total in division.**

### **3. Ties**

If a tie exists in standings, for playoff seeding, the tiebreaker will be the head-to-head scores of the two teams. If the head-to-head score is also a tie, the tiebreaker will be total wins. If total wins is also a tie, Points scored against the 2nd place team. If still tied then points scored against the 3rd place team. Continuing against the 4th – 5th – 6th – 7th - 8th and then finally the 1st place team.

## **Section H - Playoffs: Fall 2025**

### **1. The top 6 teams in Division 1 First and Second place teams get a first week bye. The top 4 teams in Divisions 2, 3, & 4 make Playoffs. No byes**

#### **Division 1 Playoffs:**

**Week One Wildcard: Winner is first team to win 15 points played in one night**

1st place and 2nd place teams get week one bye.

3rd place vs 6th place

4th place vs 5th place

**Semi-Finals: Winner is first team to win 21 points played in two nights**

**Match A:** 1st place vs Winner of 4 vs 5

**Match B:** 2nd Place vs Winner of 3 vs 6

**Division Finals: Winner is first team to win 21 points played in two nights**

Winner Match A vs Winner Match B

**Tiebreaker** (if tied at end of second sheet in Semis and Finals: 701Double On/Double off, 3v3 player teams)

**Division 2, 3, & 4 Playoffs:**

**Semi-Finals: Winner is first team to win 21 points in Division 2 and 20 points in Divisions 3 & 4, played in two nights**

**Match A:** 1st place vs 4th place

**Match B:** 2nd Place vs 3rd place

**Division Finals: Winner is first team to win 21 points in Division 2 and 20 points in Divisions 3 & 4, played in two nights**

Winner Match A vs Winner Match B

**Tiebreaker Division 2** (if tied at end of second sheet in Semis and Finals): 701Double On/Double off, 3v3 player teams.

**Tiebreaker Division 3 & 4** (if tied at end of second sheet in Semis and Finals): 1001 Double On/Double off, 4v4 player teams

## **2. Eligibility**

Player eligibility will be determined each season by the number of weeks in the season. A player must have participated in at least 4 different weekly matches for a 10 week season, 6 different weeks in a 14 week season, or 7 different weeks in a 15 week season in order to be eligible for playoff competition. For all players, participation in a match means that they have played at least one game during the evening. Please note that some season will have bye weeks worked into the season. Two bye weeks will count as 1 week of eligibility. (For example, if there is a 14 week season with 2 bye weeks, players will only need 5 weeks to qualify, as the 2 bye weeks will count as that 6th needed.)

## **3. Playoff seeding and byes**

The 1st place and 2nd teams will be seeded in the playoff bracket. The 1st place teams and 2nd place will also be given a bye in the first round of the playoffs.

## **4. Playoff Brackets & Schedules**

- a) Playoff brackets will be posted on the PSDL website following the conclusion of the regular season.**
- b) Playoff schedules will be posted on the PSDL website. The playoff schedule dates are firm dates. The league may agree to allow the teams to reschedule under extenuating circumstances to another mutually agreed upon date if it will not impact the rest of the playoffs if reasonably possible. All teams should plan to play on the dates listed.**

## **5. Match Locations**

- a) The higher seeded team will be the home team, and will get the choice on where to start if**

the match is a home/away "double match". If a bar has more than one team playing in playoffs but one board, the higher division has precedence. If teams are in the same division, the higher seed has precedence. In the case of equal seeding, the bar and/or teams will be asked to choose which team will be scheduled at home. League will determine if teams can't agree.

- b)** The division first place teams receive "the home field advantage" throughout the entire playoffs. and will always be scheduled at home for playoff matches up until the division finals and league championships, which is a home & away double match. The league will determine if other playoff matches can be scheduled at the bar at the same time, or as stated above, the number of playoffs the bar may have at one time.

The higher seeded team in the regular season gets to decide if they want to start at home or away.

## **The Darter's "10 Commandments" for keeping score.**

1. Scorekeeper shall not talk while keeping score!
2. Scorekeeper shall not move about while keeping score. Stand still!!
3. Scorekeeper shall not look at the shooter. Stand facing the board!!
4. Scorekeeper shall not call out a score - of one dart or all three - unless the shooter asks you!
5. Scorekeeper shall not tell a shooter what to shoot or what combinations to shoot for an out!
6. Scorekeeper shall not change a score unless it is brought to the attention of both shooters (teams)!
7. Scorekeeper shall not change a score - regardless - if that player (team) has shot again and a second score written down. An error in a shooter's score MUST be corrected before he/she (team) shoots again or it stands!
8. Scorekeeper shall not lean out to see where a dart is or is going nor shall he follow the darts with body or head movement!
9. Scorekeeper shall not show any sign of disgust or excitement while at the scoreboard!
10. Scorekeeper shall not change the side of the scoreboard of the player in three leg matches. If you start a player on the left side of the scoreboard, continue to keep his/her score on the left regardless of what the bull shots are!
